### And What Have You

By BOB CRAIG

The following editorial was written by Barry Cheshier, a graduate of Hamlin High School and currently a member of the staff of the North Texas State University in Denton. The editorial appeared in a recent issue of the North Texas Daily which by the way is published weekly in the summer.

Barry is the son of Mrs. Ione Cheshier and is editor of the sports page along with other duties.

"Where have all the leaders gone? Those old-fashioned paragons of dependability who with backbone and experience born of another age, expected--and received--gratification from a newer generation. Where did we get off the track? And when did that proverbial dog sigh, shrug its shoulders and allow his tail to wag his body?"

"Perhaps, as some say, it began in the home. Recently a curt exchange was observed between a father and his son. The father was telling a joke. Unfortunately, his son knew the punch line and interrupted his father's performance to say so. 'Shut up,' the father said. 'You shut up,' the 8-year-old replied. Smiling apologetically, the father closed his mouth. Was this man afraid of his son, or was he pacifying the boy to avoid a scene? Perhaps both.

"Possibly, instead of attaching itself to these roots of our social structure, the evasive, but malign growth began later--in our schools.

"Perhaps some administrators, teachers and regents have, through neglect and indifference, allowed themselves to be walked on for too long now. Perhaps they are harvesting their misbegotten crop from whose seeds they can rightfully expect more abuse and ever-ridiculous demands.

"If mediocre parents will not guide and discipline their children, the task will fall to the educators. And these educators, rather than bowing and scraping and wringing their collective hands, should cut the tail off the dog so the majority can survive.

"More schools should lay down--and enforce--expulsion laws for the small segment of news-makers who shout, demand, disrupt and destroy.

"This country has enough of that fearful pacification practiced in both school and home. It is a dodging tactic used by frightened men and ends in postponement of a situation that can only grow worse. It sparks an engulfing hunger that devours freedom and opportunity alike.

"And whether it ends in the home with a father's apologetic smile or on a campus with a president's order to close a university, it is deadly to the system in which both exist."

Stray dogs and abandoned old cars seem to be a problem everywhere; but we have noticed an idea spreading over West Texas that seems to be working to eliminate both of these as problems.

The answer being tried in many towns is the old bounty system. Several cities have passed ordinances paying a bounty on stray dogs and abandoned cars.

The cities are paying \$2.00 for stray dogs delivered to the police stations and \$5.00 for the titles to old cars.

From June 19 to July 3, the City of Post paid bounties on over 60 stray dogs and then called the program off until such time that it is deemed necessary again.

The same program is being tried in Slaton and Graham.

Only dogs without licenses are subject to the bounty and are held for several days for the owners to claim them and those not claimed are destroyed.

LUCY IS CONVINCING—Lucy, played by Lisa Absher, left, tries to convince Linus (Alan Steele) and Charlie Brown (Paul Reynolds) that 'snow comes up like flowers' in a musical number, "Little Known Facts," to be presented in Friday night's production of "You're a Good Man, Charlie Brown." Snoopy (on the chairs) is really Gary Ford. The musical is directed by Jan Albritton and sponsored by the Hamlin Lions Club. Tony Lewis is pianist.

## Local Chapter, Two Members Honored At State FFA Convention In San Antonio

The Hamlin FFA Chapter and two individual members of the chapter were recognized and received awards at the state FFA Convention last week in San Antonio.

The Hamlin FFA Chapter was named as one of the top twelve chapters in Texas in the National Chapter Rating Contest. Rodney Rackley, chapter reporter and Double Mountain District FFA President, received a plaque and certificate for the chapter at the convention Thursday morning. The Hamlin Chapter

will now compete in the National Chapter Rating Contest on the National level and will be recognized at the National FFA Convention this fall at Kansas City, Mo.

Edward Johnson was named state winner of the National FFA Foundation Soil and Water Management Award. The award is based on Edwards work with his farming program and with work he has carried out with his father in conserving soil and managing water. Some practices Edward has worked with and carried out include sub-soiling, brush control, re-seeding pastures, establish-

ing temporary pasture, establishing and maintaining terraces, farming on the contour, and constructing and maintaining diversion dams and waterways. Edward will now represent the Texas FFA in competition in the Southern Region of the FFA.

Charles Sellers, Hamlin FFA Chapter President and Area II Vice-President, was named winner of a Santa Fe Educational Award at the convention. The award is an all-expense paid trip to the National FFA Convention in Kansas City, Mo., this fall.

Receiving their Lone Star Farmer Degrees at the convention were Edward Johnson, Charles Sellers, and Steve Teichelman. Gil Lain a 1970 HHS graduate was one of the successful candidates from Texas for the American Farmer Degree.

Others attending the convention from Hamlin were Carlos Gonzalez, Ricky Gruben, Johnny Howard, Larry Jayroe, Spencer Ford, Bill Hodnett and Davis Weaver. Also attending were former state vice-president Bob Clifton and chapter advisor Milburn Wink.

### Camp Fire Swim Program Dates Set For Aug. 3-8

The annual Camp Fire swim program has been set for Aug. 3-8, according to Charles Hilburn, Camp Fire Council president.

The classes from 8:30 to 11:30 a.m. will be conducted at Hamlin Foundation Swimming Pool by Jerry Leavitt, a qualified Red Cross instructor and lifeguard from Stamford.

All Camp Fire and Blue Bird girls will participate.

HONORED TUESDAY—A. J. Pemberton, left, was presented a plaque in recognition of his retirement as a patrolman in the Hamlin Police Department Tuesday evening. Police Chief Bryan Wasson, right, made the presentation at a picnic in City Park for all Police Department employees and their families. Pemberton retired June 15 after seven years of service. The Jones County Sheriff's Department filled in for the local police during the picnic.

## Youngsters to Present 'Charlie Brown' Friday

"You're a Good Man, Charlie Brown," will be presented here Friday evening by some 30 youngsters in the sixth and seventh grades, under the direction of Jan Albritton.

The abbreviated version of the Broadway production will be presented in the high

school cafeteria at 8 p.m. sponsored by the Hamlin Lions Club.

Admission is 75c for adults and 25c for children under 12.

Tony Lewis, Hamlin High School senior, is the pianist.

Charlie Brown is played by Paul Reynolds, Lisa Absher is Lucy, Gary Ford, Snoopy; Alan Steele, Linus; Kayla Mehaffey, Patty; Larry Griffin, Schroeder; Rick Craig, Pig Pen; DeDe Young, Frieda and Lisa Howard is Violet.

The cheerleaders are Elaine Carlton, Melissa Madden, Lori Driver and Jan Ford.

Art director is Debra Hollis. Cindy White and David Pool are stage managers.

The backyard crew includes Tracy Gregory, Pamela Absher, Jeffrey Witt, Martha Joe McGee, Tommy Mayes, Janice Kay Cork, Donna Wasson, Lois Fay Cork, Iva

Jaye Starr, Tonya Covington, and Verna Thompson.

All the youngsters are in the chorus and have also helped with work on the set.

The musical is based on the comic strip "Peanuts" and music and lyrics are written by Clark Gesner.

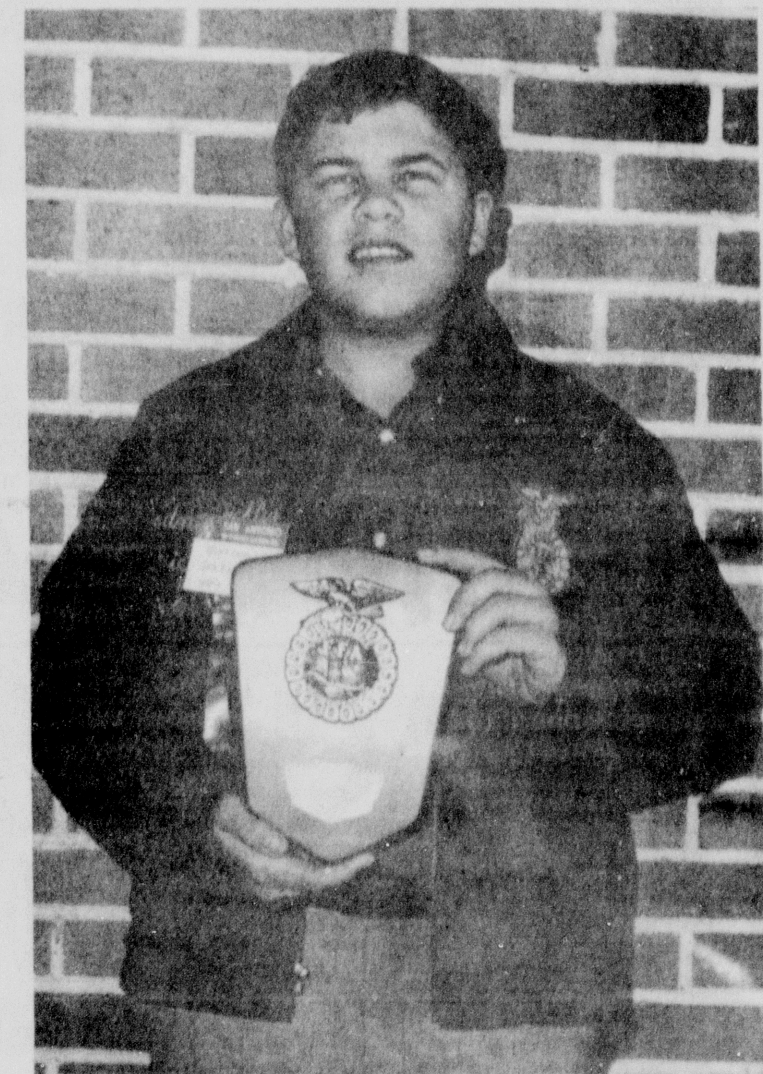

Tickets are being sold by members of the cast and Lions Club members.

### Closing Dates for Pool Announced

The Hamlin Foundation Swimming Pool will close Saturday afternoon, Aug. 1, and members are reminded that tickets must be used up on this date.

No refund will be made and the balance on a member's ticket cannot be carried over until next year.

The pool is open Monday through Saturday from 1 to 6 p.m.

CHAPTER ONE OF TOP TWELVE—Rodney Rackley received the plaque and certificate at the state convention when the local FFA chapter was named one of the top twelve chapters in Texas. The Hamlin chapter will now compete in the National Chapter Rating Contest this fall in Kansas City, Mo.

### Hamlin All-Stars Defeat Stonewall-Kent Team Monday

The Hamlin Little League All-Stars downed the Stonewall-Kent All-Stars Monday evening in Jayton, 6-5.

The Hamlin team will meet the winner of the Merkel-Rotan game tonight at Jayton.

Johnny Steele and Rex Reynolds are managers.

Mr. and Mrs. Phil Mann, owners and operators of Lee's Cafe, are announcing the change in the name of the business to Hamlin Restaurant.

HIGH STATE AWARDS—Charles Sellers, winner of a Santa Fe Education Award, and Edward Johnson, left, state winner of the National FFA Foundation Soil and Water Management Award, were top winners at the FFA convention held last week in San Antonio. Charles will get an expense paid trip to national convention in Kansas City, Mo., and Edward now represents the Texas FFA in competition in the Southern Region.

## Old Glory Sets Homecoming Date for Sept. 6

## Information Needed to Vote On Wheat Referendum

The fifth Old Glory Homecoming has been scheduled for Sunday, Sept. 6, at the Old Glory School building. Former students, teachers and patrons of Mt. Zion, New Hope, Hooker, Brandenburg, Tonk Creek, and Old Glory schools are urged to attend and bring their families.

Registration will begin at 9:00 a.m. in the front entrance hall of the school building. There will be no registration fee, but it is important that everyone register.

Tickets for the noon meal to be furnished by a catering service will be \$1.75 per plate. Money for meal reservations should be sent to Mrs. George Rhoads, Box 35, or Mrs. Louis Spitzer, Route 1, both at Old Glory Texas 77540, before the deadline of Aug. 15. A self-addressed envelope should be enclosed with the money for meal tickets. No refunds will be made.

The afternoon session at 1:30 will consist of musical entertainment, a speaker, recognitions, and a business meeting. Various group reunions will be held in the air conditioned classrooms after the meeting.

The 1970 Homecoming committee includes Milton Duden, president; Willie Trede, vice president; Mrs. George Rhoads, secretary-treasurer, and Mrs. Louis Spitzer, Assistant secretary-treasurer.

### Agent Gives Tips On Control of Powdery Mildew

Many plants, such as Crepe Myrtle, Rose and Euonymus are showing signs of a fungal disease known as powdery mildew. This disease, as the name implies, gives the plant the appearance of being covered with a powdery substance such as talc, explains County Agent Kirby Clayton.

Powdery mildew is difficult to control; however if the home owner will use the proper fungicide and make repeated applications, a successful job can be done.

Fungicides which can be used are Karathane, Acidone PM, and Folpet. Sulphur may

Secretary of Agriculture Clifford M. Hardin today announced 1971-crop wheat price-support loan levels and other details necessary for producer participation in a July 27-31 mail referendum on marketing quotas proclaimed earlier. The referendum is mandatory under current law in the absence of new legislation for the 1971 wheat crop.

All persons who have a legal interest in the approximately 1.6 million wheat allotments of record will be eligible to participate in the referendum.

If two-thirds or more of the producers voting in the referendum indicate "Yes" to marketing quotas (based on a national quota of 1,210 million bushels resulting in a national allotment of 43.5 million acres), the national average price-support loan rate will be \$1.15 per bushel and the domestic marketing certificates will have a value of \$1.39 per bushel making the total price support on that portion of the crop \$2.54 per bushel or 90 percent of parity, as of July 1, 1970. Domestic certificates will be issued on about 535 million bushels. Production in excess of quotas will be subject to penalty.

Following are other applicable conditions under a "Yes" or a "No" vote in the referendum under existing law.

If marketing quotas for the 1971 crop are approved by a "Yes" vote:

1. Domestic wheat marketing certificates will be paid on 47 percent of the projected production on the allotted

acres of participating producers.

2. Required diversion will be 36.5 percent of the producer's 1971 allotment (it is 30.3 percent for 1970). This diversion of land to non-crop

use is required by applicable law.

3. Substitution between wheat and feed grain acreages which has been in effect under the 1970 and earlier programs, will not be in effect for 1971 since there is no legislation making this possible.

4. Marketing quota penalties will be applicable on wheat produced on acreage in excess of the farm allot-

ment, amounting to 65 percent of May 1, 1971 wheat parity plus a 7 percent loss of allotment in 1973 and subsequent years. However, if excess wheat is delivered to the Government, or is stored for release in a subsequent year by underplanting or underproduction, the producer can avoid the monetary and acreage penalties and qualify for price support on production from the allotment,

as well as for certificate payments, provided other program requirements are met. Additionally, under some circumstances, a land use penalty may also be assessed if a crop is harvested on acreage required to be diverted.

5. Export marketing certificate payments will be made to producers if the total value of export certificates collected by Commodity Credit Corporation from the export-

ers exceeds the total export subsidies paid by CCC to exporters. Any such excess will be made available pro rata to participating producers at the end of the 1971 marketing year.

If marketing quotas for the 1971 crop are not approved:

1. The national wheat allotment of 43.5 million acres will remain in effect.

2. Price-support loans at 50 percent of parity will be

available to producers who stay within their allotments and comply with applicable terms and conditions. This will be \$1.41 per bushel based on current parity.

3. There will be no marketing quota or land use monetary penalties.

4. Wheat acreage harvested in excess of 1971 farm allotments will result in a 7 percent loss of allotment in 1973 and subsequent years.

## did you say "water corporation"

Indeed we did. Turtles may be able to go for days without water but rural people cannot. So they have formed water corporations (there are now some 500 in Texas) to help furnish water in much the same way the Midwest Electric Cooperative furnishes electricity. The electric cooperatives salute the water corporations of the state and the people they serve. The Midwest Electric Cooperative, first in electric service to rural Texans, welcomes these pioneers in water distribution. Together they are Helping Texas Grow.
